

a message from our CEO

Dear friends,

As the evolving health concerns continue to have an impact on our community, I felt it was important to update you on actions that Bread & Butter Concepts is taking regarding the coronavirus disease (COVID-19).

HOW WE'RE KEEPING GUESTS SAFE:

In our restaurants, food truck, event space, and catering operations, we have always maintained the highest standards of sanitation, above and beyond standard food safety protocol and will continue our commitment to the highest health and safety standards in our industry, including increased precautions around cleaning and sanitizing. We are confident our restaurants continue to be safe for customers to enjoy, and we look forward to seeing you.

HOW WE'RE SUPPORTING OUR STAFF:

We're already seeing the effects of the situation with significant lost sales, which we know in turn greatly impacts our staff. With fluctuating shifts, reduced hours, and lost wages, we are committed to taking care of our people during this challenging time.

Today through April 3, 2020, we plan to **GIVE BACK**

20% of all gift card sales *

5% of all food & beverage sales
(including take-out orders)

to **OUR STAFF** to help offset any lost wages.

It's during these times when I'm always reminded of how lucky we are to have loyal guests who support us. We are so optimistic about the fact that this too will pass, we want to ensure we maintain and support our staff. Thank you for your continued business, and please be well.

Sincerely,

Alan Gaylin
CEO, Bread & Butter Concepts
